

HARI S

Computer Applications Graduate | Python & Web Development

Tiruppur, India | +91 9688065607 | harisaravanan1030@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFILE

Commerce graduate with a strong interest in software development and experience building Python-based web and AI applications. Developed five independent projects covering system diagnostics, IT helpdesk automation, inventory management, contract analysis, and financial news summarization. Familiar with Python, JavaScript, React, Flask, REST APIs, with a business/commerce foundation that supports practical, user-focused problem solving.

PROJECTS

SysDiag Pro — Full-Stack System Diagnostic Web App

Built a full-stack system diagnostic web app that scans CPU, RAM, disk, GPU, and network usage in real time, generates a security score, runs internet speed tests, and sends automated email reports. Includes an admin panel to manage users and reports.

Tech Stack: *Python, Flask, SQLite, psutil, Chart.js, HTML, CSS, JavaScript, Gmail SMTP, speedtest-cli*

AI Helpdesk System

Built an AI-powered IT helpdesk that automatically analyzes support tickets, assigns category and priority level, generates step-by-step resolutions, and tracks all tickets in a live dashboard.

Tech Stack: *HTML, CSS, JavaScript, Claude AI API*

Inventory Management System

Developed a web-based inventory management system enabling businesses to manage products, track inventory, record sales and purchases, monitor stock levels, and receive low-stock alerts — improving inventory accuracy and operational efficiency.

Tech Stack: *HTML, CSS, Python, Flask, SQLite*

Contract Analysis System

Built an AI-powered contract analysis system that extracts text from PDF and image files, identifies key legal entities, classifies contract clauses, calculates risk scores, generates concise summaries, and exports structured analysis results in JSON format.

Tech Stack: *Python, Flask, HTML, CSS, JavaScript, spaCy, Tesseract OCR, pdfplumber, PyPDF2, TF-IDF*

FinBrief — Financial News Summarizer

Developed an NLP-powered financial news summarizer that fetches live financial news from multiple RSS sources, generates concise summaries using TF-IDF and TextRank algorithms, extracts key financial keywords, and delivers insights through a responsive Flask-based web interface.

Tech Stack: *Python, Flask, HTML, CSS, JavaScript, NLTK, Scikit-learn, RSS Feeds*

SKILLS

- Programming Languages: Python, JavaScript, HTML, CSS
- Frameworks & Libraries: Flask, React.js, Pandas, NumPy
- Web Development: REST APIs, Frontend Development, Responsive UI Design, Fetch API
- Databases: SQLite, MongoDB
- Tools & Version Control: Git, GitHub, VS Code
- Soft Skills: Problem-solving, analytical thinking, communication, adaptability, attention to detail, time management, teamwork

INTERNSHIP EXPERIENCE

Data Science Intern — Live Stream Technology, Coimbatore

Apr 2025 – May 2025

- Gained hands-on experience in data science using Python through practical training, covering data preprocessing, analysis, and visualization projects

EDUCATION

Bachelor of Commerce (Computer Applications) — Dr. N.G.P Arts and Science College, Coimbatore 2023 – 2026

- CGPA: 6.7 / 10

Higher Secondary Education (HSC) — Vikas Vidyalaya Matriculation Higher Secondary School, Tiruppur 2022 – 2023

- Percentage: 85%

Secondary School Leaving Certificate (SSLC) — Vikas Vidyalaya Matriculation Higher Secondary School, Tiruppur 2020 – 2021

CERTIFICATIONS

- NPTEL Certificate on E-Commerce
- Tally Prime Essential Level 2
- Data Analysis using Excel (Beginner Level) — Coursera
- Certification in GST Skills (ISO 9001:2015 Certified) — TEACH Group, Dr. N.G.P. Arts and Science College
- Certificate in Financial Wisdom Through Financial Training — AMFI (Association of Mutual Funds of India)

ACHIEVEMENTS & LEADERSHIP

- Presented "Wool Production in IoT Devices" at a National Level Symposium, BIT College (March 2024)
- Presented at the International Conference on Sustainable Commerce through AI, Hindusthan College of Arts and Science (Feb 2024)
- Completed workshop on "Future of Coding: GitHub Copilot Unleashed," BIT College (March 2024)
- Placement Representative, Dr. N.G.P Arts and Science College — student coordinator bridging communication between the placement cell, recruiters, and students; assisted in placement drives and job opportunity coordination

LANGUAGES

English (Fluent), Tamil (Fluent)
